Amerigo Announces Q1-2014 Production Results

VANCOUVER, BRITISH COLUMBIA – April 16, 2014/CNW/ - Amerigo Resources Ltd. (TSX: ARG, "Amerigo" or the "Company") announced today production results for the first quarter of 2014 from Minera Valle Central ("MVC"), the Company's operations located near Rancagua, Chile. MVC produced 10.186 million pounds of copper and 0.125 million pounds of molybdenum during the three months ended March 31, 2014. Copper production in Q1 includes 0.564 million pounds of copper produced pursuant to MVC's tolling contract with Minera Maricunga.

Rob Henderson, Amerigo's President and COO, stated "We have started operating the new sump in Colihues and throughput has increased from 30,000 to 40,000 tonnes per day, which we believe will have a positive effect on production for the remainder of 2014. As a result, we are maintaining our 2014 production guidance of 45 million pounds of copper and 800,000 pounds of molybdenum".

Key operating and sales metrics are shown below.

¹ Copper sales per the Company's records, which may differ from copper sales per the smelter. All differences between Company and smelter records for a quarter will be recorded as settlement adjustments in subsequent quarters until settled.

² Copper price recorded for the Company's financial statements for the quarter before smelter and refinery charges and settlement adjustments to prior quarters' sales. The Company calculates this

number by dividing quarterly dollar sales as recorded in its financial statements (calculated based on copper deliveries per the smelter) over quarterly copper sales per the Company's own records.

Engineering for the Cauquenes expansion is progressing on schedule and MVC is in the process of pre-qualifying EPC contractors to build the new facilities.

The Company will release Q1-2014 financial results at market open on Thursday May 8, 2014 and will hold an investor conference call to discuss the results on Friday May 9, 2014 at 11:00 am Pacific Standard Time/2:00 pm Eastern Standard Time.

To participate in the call, please dial the following number:

Certain of the information and statements contained herein that are not historical facts, constitute "forward-looking information" within the meaning of the Securities Act (British Columbia), Securities Act (Ontario) and the Securities Act (Alberta) applicable Canadian securities legislation ("Forward-Looking Information"). Forward-Looking Information is often, but not always, identified by the use of words such as "expects", "seek", "anticipate", "believe", "plan", "estimate", "expect" and "intend"; statements that an event or result is "due" on or "may", "will", "should", "could", or "might" occur or be achieved; and, other similar expressions. More specifically, Forward-Looking Information contained herein includes, without limitation, information concerning the agreement for the purchase by MVC of the processing rights for the Cauquenes tailings deposit, extending the contract for the processing of Fresh Tailings to 2037 and consolidating all contracts between MVC and DET (the "Master Agreement"), completion of construction of the planned expansion of MVC's operations required for the processing of old tailings from the historic Cauquenes tailings deposit (the "Cauquenes Expansion"), future tailings production volumes and the Company's copper and molybdenum production, all of which involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such Forward-Looking Information including, without limitation, material factors and assumptions relating to, and risks and uncertainties associated with, the performance of the Master Agreement, the receipt of adequate debt financing required for the Cauquenes Expansion, the receipt of environmental approval to the Cauquenes expansion, the continued supply of tailings from El Teniente and successful extraction of tailings from the Cauquenes and Colihues tailings deposits, the achievement and maintenance of planned production rates, the evolving legal and political policies of Chile, the volatility in the Chilean economy, military unrest or terrorist actions, metal price fluctuations, governmental relations, the availability of financing for activities when required and on acceptable terms, the estimation of mineral resources and reserves, current and future environmental and regulatory requirements, the availability and timely receipt of permits, approvals and licenses, industrial or environmental accidents, equipment breakdowns, availability of and competition for future mineral acquisition opportunities, availability and cost of insurance, labour disputes, land claims, the inherent uncertainty of production and cost estimates, currency fluctuations, expectations and beliefs of management and other risks and uncertainties, including those described under Risk Factors in the Company's Annual Information Form and in Management's Discussion and Analysis in the Company's financial statements. Such Forward-Looking Information is based upon the Company's assumptions regarding global and Chilean economic, political and market conditions and the price of metals, including copper and molybdenum, and future tailings production volumes and the Company's copper and molybdenum production. Among the factors that have a direct bearing on the Company's future results of operations and financial conditions are changes in project parameters as plans continue to be refined, interruptions in the supply of fresh tailings from El Teniente, further delays in the extraction of tailings from the Colihues and Cauquenes tailings deposits, a change in government policies, competition, currency fluctuations and restrictions and technological changes, among other things. Should one or more of any of the aforementioned risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from any conclusions, forecasts or projections described in the Forward-Looking Information. Accordingly, readers are advised not to place undue reliance on Forward-Looking Information. Except as required under applicable securities legislation, the Company undertakes no obligation to publicly update or revise Forward-Looking Information, whether as a result of new information, future events or otherwise.
