INFORMATION CIRCULAR FOR ANNUAL GENERAL MEETING

(As at March 28, 2014, except as indicated)

GENERAL PROXY INFORMATION

SOLICITATION OF PROXIES

Amerigo Resources Ltd. (the "*Company*") is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies (a "*Proxy*" or "*Proxies*") for use at the Annual General Meeting (the "*Meeting*") of the Company to be held on May 6, 2014, and at any adjournments thereof. Unless the context otherwise requires, when we refer in this Information Circular to the Company, also included are all companies in which the Company holds direct and indirect interests.

The solicitation of Proxies will be primarily by mail, but Proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company at nominal cost. In accordance with National Instrument 54-101 of the Canadian Securities Administrators ("*NI 54-101*"), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares without par value in the capital of the Company (the "*Shares*") held of record by such persons, and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in so doing. All costs of this solicitation will be borne by the Company.

APPOINTMENT OF PROXYHOLDERS

A shareholder entitled to vote at the Meeting may by means of a Proxy appoint a proxyholder or one or more alternate proxyholders, who need not be shareholders, to attend and act at the Meeting for the shareholder on the shareholder's behalf. The only methods by which a shareholder may appoint a person as proxyholder are by submitting a Proxy by mail, fax, hand delivery, phone or by way of the Internet, as set out in the accompanying form of Proxy.

The individuals named in the accompanying form of Proxy are directors and/or officers of the Company. **A shareholder wishing to appoint some other person (who need not be a shareholder) to represent him or her at the Meeting has the right to do so, either by inserting such person's name in the blank space provided in the form of Proxy or by completing another form of Proxy.** Such a shareholder should notify the nominee of his or her appointment, obtain his or her consent to act as proxy and instruct him or her on how the shareholder's Shares are to be voted. In any case, the form of Proxy should be dated and executed by the shareholder or his/her attorney authorized in writing, or if the shareholder is a corporation, under its corporate seal, or by an officer or attorney thereof duly authorized.

PROXY INSTRUCTIONS

Only shareholders whose names appear on the records of the Company as the registered holders of Shares or duly appointed proxyholders are permitted to vote at the Meeting. Registered shareholders may wish to vote by Proxy whether or not they are able to attend the Meeting in person. Registered shareholders may vote by Proxy. Registered Shareholders who wish to vote by Proxy must complete, date and sign the form of Proxy and return it by mail, fax, hand delivery, phone or by way of the Internet to Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1 Fax: Within North America: 1-866-249-7775 Outside North America: (416) 263-9524; Phone: 1-866-732-8683; Internet: www.investorvote.com, not later than 48 hours (excluding Saturdays, Sundays and holidays) before the commencement of the Meeting or the adjournment thereof at which the Proxy is to be used.

REVOCABILITY OF PROXIES

In addition to revocation in any other manner permitted by law, a shareholder who has given a Proxy may revoke it by either executing a Proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the shareholder or the shareholder's authorized attorney in writing or, if the shareholder is a company, under its corporate seal by an officer or attorney duly authorized; and by depositing (a) the Proxy bearing a later date with Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, not later than 48 hours (excluding Saturdays, Sundays and holidays) before the commencement of the Meeting or the adjournment thereof at which the Proxy is to be used; or (b) the notice of revocation at the registered office of the Company, Suite 2300, 550 Burrard Street, Vancouver, British Columbia, V6C 2B5, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, that precedes any reconvening thereof, or to the chair of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law. In addition, a Proxy may be revoked by the shareholder personally attending the Meeting and voting the shareholder's shares. A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

EXERCISE OF DISCRETION

On a poll, the nominees named in the accompanying form of Proxy will vote or withhold from voting the Shares represented thereby in accordance with the instructions of the shareholder on any ballot that may be called for and, if the security holder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly. **The Proxy will confer discretionary authority on the nominees named therein with respect to each matter or group of matters identified therein for which a choice is not specified other than the appointment of an auditor and the election of directors, any amendment to or variation of any matter identified therein and any other matter that properly comes before the Meeting.**

In respect of a matter for which a choice is not specified in the Proxy, the nominees named in the accompanying form of Proxy will vote Shares represented by the Proxy in favor of the matters specified in the Notice of Meeting and in favor of all other matters proposed by management at the Meeting.

As of the date of this Information Circular management of the Company knows of no amendment, variation or other matter that may come before the Meeting but, if any amendment, variation or other matter properly comes before the Meeting, each nominee in the accompanying form of Proxy intends to vote thereon in accordance with the nominee's best judgment.

BENEFICIAL (NON-REGISTERED) SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders of the Company, as a substantial number of shareholders do not hold Shares in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular, collectively, as "*Beneficial Shareholders*") should note that only Proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Shares will not be registered in the shareholder's name on the records of the Company. Such Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In the United States the vast majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited; and which acts as nominee for many Canadian brokerage firms). **Beneficial Shareholders should ensure that instructions respecting the voting of their Shares are communicated to the appropriate person.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. The form of Proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the form of Proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial

Solutions, Inc. ("*Broadridge*", formerly ADP Investor Communications Services) in the United States and in Canada. Broadridge typically prepares its own voting instruction forms, mails those forms to the Beneficial Shareholders and requests the Beneficial Shareholders return the voting instruction forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Broadridge voting instruction form cannot use that form to vote Shares directly at the Meeting. That voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have the Shares voted at the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered shareholder and vote the Shares in that capacity. **Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the instrument of voting instruction form provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.** Alternatively, a Beneficial Shareholder may request in writing that his or her broker send to the Beneficial Shareholder a legal Proxy which would enable the Beneficial Shareholder to attend at the Meeting and vote his or her Shares.

RECORD DATE AND VOTING SECURITIES

The Company has set the close of business on March 28, 2014 as the record date (the "*Record Date*") for determination of persons entitled to receive notice of the Meeting. Only the registered holders of Shares, and those beneficial holders entitled to receive notice pursuant to NI 54-101 through their intermediaries, as at that date, are entitled to receive notice of and to vote at the Meeting, unless after that date a shareholder of record transfers his or her Shares and the transferee, upon producing properly endorsed certificates evidencing such Shares or otherwise establishing that he or she owns such Shares, requests by contacting Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, at least 10 calendar days prior to the Meeting, that the transferee's name be included in the list of shareholders entitled to vote, in which case such transferee will be entitled to vote such Shares at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of Shares, of which 172,640,344 Shares are issued and outstanding as at the date hereof. Persons who are registered shareholders at the close of business on March 28, 2014 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Committee

The Compensation Committee of the Board has the following responsibilities:

- reviewing and approving the corporate and individual goals and objectives relevant to senior management's compensation, evaluating performance, and setting compensation levels based upon this evaluation;
- reviewing the recommendations of senior management with respect to compensation of other management members, and for fixing their compensation, including annual bonuses and the granting of stock options under the Company's stock option plan;
- reviewing executive compensation disclosure before the Company publicly discloses this information; and

- reviewing compensation policies and proposals with reference to industry sectors and markets in which the Company operates.

The Compensation Committee members are independent directors Sidney Robinson (Chairman), Geoff Castle, Alberto Salas and Ruston Goepel. Meetings of the Committee are documented in the form of meeting minutes. In establishing policies covering compensation, including annual bonuses and stock option grants, the Compensation Committee takes into consideration the recommendations of senior management, advice of independent consultants when retained and industry standards.

Objectives of Executive Compensation

The Compensation Committee endeavors to ensure that the Company's compensation policies:

- attract and retain highly qualified and experienced executives and managers;
- recognize and reward contribution to the success of the Company as measured by the accomplishment of specific performance objectives; and
- ensure that a significant proportion of compensation is at risk and directly linked to the success of the Company.

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy.

Analysis of Elements

The principal elements of executive officers' compensation consist of the following: base salary, long-term incentive awards (stock options), and annual performance bonuses. These elements, described below in more detail, are designed to reward corporate and individual performance. Corporate performance is generally measured relative to operational objectives and corporate values. Individual performance is evaluated based on individual expertise, leadership, ethics, and achievement of personal performance goals and commitments. The Compensation Committee considers management's goals and objectives for each year, particularly with respect to bonus considerations, and believes that accomplishment of such goals is in the best interests of the Company as well as management, as they take into account not only revenues, costs and profitability in the short term, but also long term elements such as capital expenditures and future expansion plans.

Benchmarking

In March 2008 the Company retained the services of Coopers Consulting Ltd. ("CCL") to provide specific support on management compensation as well as director compensation, including surveys of market practices and a technical analysis of this information relative to the Company's compensation plans and practices. During 2010 the Compensation Committee again retained the services of CCL, this time to provide the Committee with up to date data concerning termination payments on change in control and for reasons other than for cause. In October 2010 CCL provided the Committee with its opinion on industry standard termination provisions and, from this analysis, the Committee determined that arrangements with management were below industry standard at that time and should be amended. Although the Committee agreed this matter was to be dealt with on an expedited basis, its final determination was postponed. During 2011 management provided to the Compensation Committee a memorandum containing an extensive analysis of change in control and termination provisions based on data compiled from in excess of 20 comparable companies in the mining industry, which reached very similar conclusions as that of the October 2010 CCL Opinion. In early 2012 the Compensation Committee also commissioned an opinion from the Company's solicitors, whose opinion by way of letter dated February 7, 2012 confirmed contemplated changes to the termination provisions in management contracts were in line with industry standards. The 2008 CCL survey was also updated at this time and a number of companies added, as many of the companies referred to in the original report were no longer in existence. The updated survey included the following companies which were considered comparable to the Company in terms of market capitalization, activity and development stage, and contains data available in respect of the 2010 calendar year:

Blackstone Ventures Inc.

North American Palladium Ltd.

Cardero Resource Corp.
Andina Minerals Inc.
Aura Minerals Inc.
Claude Resources Inc.
Crocodile Gold Corp.
Golden Star Resources Ltd.
Eastern Platinum Limited
ECU Silver Mining Inc.
Forsys Metals Corp
Gold-Ore Resources Ltd.
Jaguar Mining Inc.
Taseko Mines Limited

Alexis Minerals Corporation
Augusta Resource Corporation
Carpathian Gold Inc.
Copper Mountain Mining Corp
Crystallex International Corp
General Moly Inc.
Ivernia Inc.
Mercator Minerals Ltd.
Golden Predator Corp.
International Minerals Corp
ShoreGold Inc.
St Andrew Goldfields Ltd.

Finally, during its compensation considerations during Q1-2014, the Compensation Committee also reviewed a report prepared for the Company by Mercer (Canada) Limited dated February 19, 2014 entitled "Executive Compensation Trends", which contains a high level overview of key executive compensation trends within the mining industry in Canada.

Base Compensation

Base compensation is normally reviewed in the first quarter of each year and adjustments are made retroactive to January 1 of that year. The Compensation Committee determines base compensation adjustments for management taking into account industry compensation surveys, the Company's financial performance, inflation rates and general economic conditions. The Compensation Committee also takes into consideration recommendations from senior management with respect to compensation for other members of management.

In Q1-2013, the Compensation Committee accepted the recommendations of senior management and, effective January 1, 2013, the annual compensation payable by the Company and MVC to Zeitler Holdings Corp. (of which Dr. Zeitler, the Company's Chairman and CEO, is principal), was increased from \$380,000 to \$395,000, the annual compensation payable by the Company to each of Delphis Financial Strategies Inc. (of which Ms. Davidson, the Company's CFO, is principal) and Michael J. Kuta Law Corporation (of which Michael Kuta, the Company's General Counsel, is principal), was increased from \$160,000 to \$166,000, and the salary payable by the Company to Robert Henderson, the Company's President & COO, was increased from \$240,000 to \$250,000. Effective January 1, 2014, the annual compensation payable by the Company and MVC to Zeitler Holdings Corp. was decreased to \$360,000, and that paid to each of Delphis Financial Strategies Inc. and Michael J. Kuta Law Corporation was increased to \$170,000. The salary payable by the Company to Mr. Henderson remained unchanged at \$250,000. MVC also began paying annual fees in the amount of US\$36,000 to each of Zeitler Holdings Corp., Delphis Financial Strategies Inc. and Robert Henderson.

Bonus Consideration

The Compensation Committee reviews management performance in light of corporate and individual goals and uses that review to assist in the determination of the payment of bonuses, if any, in respect of each year. The Compensation Committee retains discretion over this determination and, depending on its view of other relevant circumstances in each year, may decide to modify any bonus payment whether goals and objectives are met in a particular year. Goals and objectives include: (1) percentage increase in production; (2) keeping operating costs within budget; (3) keeping capital expenditures within budget; and (4) attaining operating cash flow targets, all of which account for the majority of the target bonus. Other targets relate specifically to the Company's business and competitive strategy or are in relation to key business partners and other stakeholders, and are therefore not disclosed publicly as management believes to do so could prove prejudicial to the Company's interests.

Although the Company set records in 2012 for annual revenues and copper and molybdenum production, it also recorded a net loss of US\$8.2 million for the year. As a result, in its meeting during Q1-2013 the Compensation Committee decided that it was appropriate for the Company to pay bonuses in respect of 2012 which were at the lower end of target for each member of management. Although the Company's financial results did not meet target levels for the year, the Committee took into the account the fact that

there were a several mitigating factors which were beyond management's control and that adversely affected the Company's operating costs, including the one-time payment by MVC of \$4.6 million in bonuses on the signing of a new 4 year union agreement and higher extraction costs and lower metal recoveries in the Colihues tailings pond due to extremely difficult mining conditions encountered during the latter part of the year.

Stock Options

The Company grants share purchase options pursuant to the Plan in consideration of the level of responsibility of the executive as well as his or her impact and/or contribution to the longer-term operating performance of the Company. To date the Plan has been the sole long term component of management compensation, and has helped to ensure that a major part of management's compensation is closely aligned with shareholder interests.

In determining the overall number of options to be granted each year, the Compensation Committee reviews the number of options outstanding compared to peer group companies and the total compensation package for management and directors in the year.

Stock options were not granted in 2013 as the Company was in a Blackout period in accordance with the terms of its Insider Trading Policy for all of 2013.

Summary Compensation Table

The following table (presented in accordance with National Instrument Form 51-102F6 - *Statement of Executive Compensation* which came into force on December 31, 2008 ("*Form 51-102F6*")) sets forth all annual and long term compensation for services in all capacities to the Company for the most recently completed financial year of the Company (to the extent required by Form 51-102F6) in respect of each Named Executive Officer ("NEO"), as defined in Form 51-102F6. For the purposes of Form 51-102F6, NEO means a CEO, a CFO, each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, and each individual who would be an NEO but for the fact that the individual was neither an executive officer of the company, nor acting in a similar capacity, at the end of that financial year. Mr. Steven Dean was considered to be a NEO of the Company until December 8, 2010.

Termination and Change of Control Benefits

The Company does not have employment contracts with any NEOs, and does not have any contract, agreement, plan or arrangement that provides for payments to its NEOs at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, a change in control of the Company or a change in the NEOs' responsibilities, except as set out below.

Pursuant to a consulting services agreement (the "MVC Agreement") made as of January 1, 2012 between the Company's subsidiary, Minera Valle Central, S.A. ("MVC"), and Zeitler Holdings Corp.

("ZHC", a company of which Dr. Zeitler is the principal), MVC agreed to pay to ZHC a fee of US\$13,000 per month (the "MVC Monthly Fee") or US\$156,000 per year (the "MVC Fee"), subject to review annually. If MVC terminates the MVC Agreement other than for cause, or if ZHC terminates the MVC Agreement within 12 months following a "change of control" of the Company (as defined in the MVC Agreement), MVC is required to pay to ZHC the total of (i) two times the MVC Fee then in effect; and (ii) the amount obtained when the MVC Monthly Fee is multiplied by the number of fully completed years of service ZHC has provided to MVC, up to a maximum of 12 times the Monthly Fee.

Pursuant to a consulting services agreement (the "ZHC Agreement") made as of January 1, 2012 between the Company and ZHC, the Company agreed to pay to ZHC an annual fee of \$380,000 (the "Total Fee") less the amount of the MVC Fee (the "ZHC Fee"), subject to review annually, with provision for an annual bonus, if any, to be determined by the Company's Compensation Committee. The bonus is based upon the Company meeting key criteria each year, as mutually agreed, including business growth targets and budget requirements, and other key corporate milestones, and the target bonus in each year is equal to 100% of the Total Fee (the "ZHC Target Bonus"). If the Company terminates the ZHC Agreement other than for cause, or if ZHC terminates the ZHC Agreement within 12 months following a "change of control" of the Company (as defined in the ZHC Agreement), the Company is required to pay to ZHC the total of: (i) two times the ZHC Fee then in effect; (ii) the amount obtained when one-twelfth of the ZHC Fee is multiplied by the number (up to a maximum of 12) of fully completed years of service ZHC has provided to the Company; and (iii) two times the ZHC Target Bonus then in effect.

Pursuant to the terms of a consulting services agreement (the "Delphis Agreement") made as of January 1, 2012 between the Company and Delphis Financial Strategies Inc. ("Delphis", a company of which Ms. Davidson is the principal), the Company agreed to pay to Delphis an annual fee of \$160,000 (the "Delphis Fee"), subject to review annually, in equal monthly installments with provision for an annual bonus, if any, to be determined by Amerigo's Compensation Committee. The bonus is based upon the Company and Delphis meeting key criteria each year, as mutually agreed between Delphis and the Company, and the target bonus in each year is equal to 100% of the Delphis Fee (the "Delphis Target Bonus"). If the Company terminates the Delphis Agreement other than for cause, or if Delphis terminates the Delphis Agreement for "good reason" within 12 months following a "change of control" of the Company (both as defined in the Delphis Agreement), the Company is required to pay to Delphis the total of: (i) 1.5 times the Delphis Fee then in effect; (ii) the amount obtained when one-twelfth of the Delphis Fee is multiplied by the number of fully completed years of service Delphis has provided to the Company, up to a maximum of 6 times the Monthly Fee; and (iii) two times the Delphis Target Bonus then in effect.

Pursuant to a consulting services agreement (the "MJK Agreement") made as of January 1, 2012 between the Company and Michael J. Kuta Law Corporation ("MJK Law", a company of which Mr. Kuta is the principal), the Company agreed to pay to MJK Law an annual fee of \$160,000 (the "MJK Fee"), subject to review annually, in equal monthly installments with provision for an annual bonus, if any, to be determined by Amerigo's Compensation Committee. The bonus is based upon the Company and MJK Law meeting key criteria each year, as mutually agreed between MJK Law and the Company, and the target bonus in each year is equal to 100% of the MJK Fee (the "MJK Target Bonus"). If the Company terminates the MJK Agreement other than for cause, or if MJK Law terminates the MJK Agreement for "good reason" within 12 months following a "change of control" of the Company (both as defined in the MJK Agreement), the Company is required to pay to MJK Law the total of: (i) 1.5 times the MJK Fee then in effect; (ii) the amount obtained when one-twelfth of the MJK Fee is multiplied by the number of fully completed years of service MJK Law has provided to the Company, up to a maximum of 6 times the Monthly Fee; and (iii) two times the MJK Target Bonus then in effect.

Pursuant to an employment agreement (the "RH Agreement") made as of June 4, 2012 between the Company and Rob Henderson, the Company agreed to pay to Mr. Henderson an annual salary of \$240,000 (the "Salary"), subject to review annually, with provision for an annual bonus, if any, to be determined by Amerigo's Compensation Committee. The bonus is based upon the Company and Mr. Henderson meeting key criteria each year, as mutually agreed between Mr. Henderson and the Company, and the target bonus in each year is equal to 80% of the Salary (the "Target Bonus"). If the Company terminates the RH Agreement within the 12 month period following a "change of control" of the Company (as defined in the RH Agreement), the Company is required to pay to Mr. Henderson the total of: (i) all amounts owing in respect of salary and bonus pursuant to the RH Agreement to the termination date; (ii) 2 times the Salary then in effect; and (iii) two times the Target Bonus then in effect.

All amounts referred to above are exclusive of applicable taxes.

For the purposes of the agreements referred to above, a "change of control" will be evidenced by the election or appointment of a majority of new directors of the Company or the acquisition by any person or by any person and such person's affiliates or associates, as such terms are defined in the Securities Act (British Columbia), and whether directly or indirectly, of common shares of the Company which, when added to all other common shares of the Company at the time held by such person and such person's affiliates and associates, totals for the first time, fifty (50%) percent or more of the outstanding common shares of the Company, and for the purposes of the Delphis Agreement and the MJK Agreement (each of Delphis and MJK Law are referred to as a "Contractor"), good reason will be evidenced by one or more of the following:

- a meaningful or detrimental change in the duties or responsibilities of the Contractor or a change in the principal contact of the Contractor within the Company;
- a reduction in the amount of the Delphis Fee or the MJK Fee, as applicable;
- a demand by the Company that the Contractor cease providing services to another entity where the Company and the Contractor had previously agreed that the Contractor could engage in such activities;
- material breach by the Company of any material provision of the applicable agreement;
- the Company requiring the Contractor to relocate to any place other than Vancouver, BC; or
- failure by the Company to continue in effect any bonus or other compensation plan.

Estimated Incremental Payments on Change of Control

If, effective December 31, 2013, MVC terminated the MVC Agreement without cause or if ZHC terminated the MVC Agreement within 12 months following a change of control of the Company, ZHC would have been entitled to receive US\$442,000 from MVC, the estimated incremental payment upon termination.

If, effective December 31, 2013, the Company terminated the ZHC Agreement without cause or if ZHC terminated the ZHC Agreement within 12 months following a change of control of the Company, ZHC would have been entitled to receive \$1,454,658 from the Company, the estimated incremental payment upon termination.

If, effective December 31, 2013, the Company had terminated the Delphis Agreement without cause or Delphis terminated the Delphis Agreement for good reason within 12 months following a change of control of the Company, Delphis would have been entitled to receive \$664,000 from the Company, the estimated incremental payment upon termination.

If, effective December 31, 2013, the Company terminated the MJK Agreement without cause or MJK Law terminated the MJK Agreement for good reason within 12 months following a change of control of the Company, MJK Law would have been entitled to receive \$664,000 from the Company, the estimated incremental payment upon termination.

If, effective December 31, 2013, the Company terminated the RH Agreement within 12 months following a change of control of the Company, Mr. Henderson would have been entitled to receive a total of \$900,000 from the Company, such amounts representing the estimated incremental payments upon termination.

All amounts payable to Mr. Henderson referred to above would be subject to all applicable deductions for income tax and other statutory deductions. All other amounts referred to above are exclusive of applicable taxes.

Mr. Henderson is not entitled to termination payments in the event of resignation or retirement, and none of the companies referred to above is entitled to termination payments in the event any of such companies terminates its respective agreement or agreements. All such agreements may be terminated on 3 months written notice in writing for cause as defined in each of the agreements.

Performance Graph

The following performance graph illustrates the Company's five year (to December 31, 2013) cumulative

total shareholder return (assuming reinvestment of dividends, if any, on each dividend payment date) on a \$100 investment on January 1, 2009 in the Company's Shares compared to the return on a comparable investment on the S&P/TSX Composite Index. The share trading data is as reported by the TSX.

ARG: +26.32% **TSX: +47.51%**

The percentage return set out above in respect of Amerigo shares includes a total of \$0.08 in dividends paid during 2011 and 2012.

Management received bonuses at the lower end of target in 2010 in respect of the 2009 fiscal year, due to the global financial crisis and its ongoing effect on the Company and virtually all other companies in the mining industry. Higher bonuses were paid in 2011 in respect of the 2010 year to reflect the improved performance of the Company and the performance of management in achieving goals and objectives for that year. The Company's share performance in the graph improved as compared against the TSX return during this period. Bonuses at the lower end of target were paid in 2012 in respect of the 2011 year. Although the Compensation Committee decided that management did not fully meet the majority of their goals and objectives during 2011, the Committee took into the account the fact that there were a number of mitigating factors which were beyond management's control and that adversely affected production and the Company's operating costs, including a strike by contractors working for El Teniente, continuing high power costs in Chile due to ongoing drought conditions, and rising steel and maintenance costs which were mostly the result of inflation. Bonuses were paid in 2013 in respect of the Company's 2012 financial year at the lower end of target for each member of management. Although the Company's financial results did not meet target levels for the year, the Committee took into the account the fact that there were several mitigating factors, including the one-time payment by MVC of \$4.6 million in bonuses on the signing of a new 4 year union agreement and higher extraction costs and lower metal recoveries in the Colihues tailings pond due to extremely difficult mining conditions encountered during the latter part of the year. From early 2011 to the end of 2013 the Company's share performance deteriorated as compared to the performance of the TSX, but this was not a factor in bonus determination calculations as the vast majority of mining industry issuers were in the same position during this period.
